My son really enjoyed himself and looked forward to camp each day. His finishing skills improved from attending the camp. I appreciated how organized the camp was, the positive interactions with the staff and the thoughtful written evaluations. He will be back!"

NORTHWEST SOCCER CAMP

45 YEARS SOCCER EXCELLENCE

NORTHWEST SOCCER CAMP

trains developing players in the joy and skills of the game through coaching excellence in a beautiful, safe environment through positive programs that build a lifelong passion for the world's greatest sport!

LOVE NORTHWEST SOCCER CAMP!

"I grew up on the Northwest Soccer Camp fields. I not only learned about soccer, but was encouraged to pursue my dreams and deal with life. Uncle Nubs and the veteran NSC staff helped me to reach my potential as a soccer player, and pushed me to be the best person I can be."

-Former NSC Camper, Coach and Member of National Soccer Hall of Fame

NORTHWEST SOCCER DELIVERS ON:

EXPERIENCE & CREDIBILITY

45 years of camps directed by Hall of Famer Cliff McCrath a.k.a. Uncle Nubby.

TOP-NOTCH COACHING

From former pro and college coaches and players, including the fabulous Edu (Pele's teammate); Paul Barron, EPL master goalkeeping trainer and Seattle's Marcus Hahnemann.

CUSTOMIZED TRAINING

First-day evaluations place campers in perfect skill level group, from recreational to premier.

CONVENIENT LOCATION

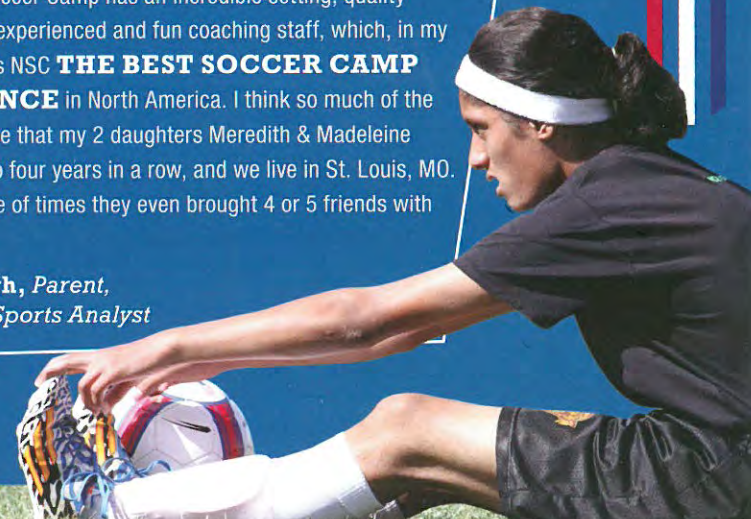

Bastyr University is in close proximity to the Greater Seattle area, with day and resident (overnight) camp opportunities.

WHOLESOME FUN

Carefully selected counselors lead a variety of off-field and free-time programs designed to make the entire camp experience more memorable.

"Northwest Soccer Camp has an incredible setting, quality fields, and an experienced and fun coaching staff, which, in my opinion, makes NSC **THE BEST SOCCER CAMP EXPERIENCE** in North America. I think so much of the NSC experience that my 2 daughters Meredith & Madeleine attended camp four years in a row, and we live in St. Louis, MO. The last couple of times they even brought 4 or 5 friends with them!"

- Ty Keough, Parent,
ABC/ESPN Sports Analyst

CAMP TYPES

Each camper receives the same basic experience at every camp throughout the summer. Specialty weeks are offered for campers that demonstrate more advanced skills. The experience is based on the premise that every soccer player needs to focus on both technical and tactical training, as well as the psychological aspects of teamwork, sporting behavior, and individual challenges. Our program, aided by an outstanding staff and well-prepared curriculum, is structured to begin with each camper's skill level and a challenge to attain the highest level possible by the end of the week.

WORLD CLASS GOALKEEPING AND FINISHING SCHOOL –

This very popular specialty camp features Paul Barron – longtime English Premier League Goalkeeper, Marcus Hahnemann longtime EPL and Seattle Sounders FC professional goalkeeper and Steve McCrath, Barry University Men's Soccer Coach. Goalkeeper training consists of comprehensive goalkeeping sessions covering the basic fundamentals of shot-stopping, positioning, footwork, handling, 1 vs. 1 breakaways, distributing and crossing. Tactics include situational play, game preparation, communication, and environmental conditions. The Finishing School program focuses on attacking in the final third. Training includes small-sided exercises on the art of attacking and finishing while competing against those being trained at the highest level in the art of goalkeeping.

ELITE WEEK - Offers the elite player a week of intense, no-nonsense soccer - designed to prepare him/her for advanced play at the high school, club and college level. This session is designed for serious soccer players based on collegiate and professional training camp formats. In addition, one of the most unique segments of the Elite Week experience is the power and explosion program directed by US Olympic Hall-of-Fame Coach Dr. Kenneth Foreman.

ADVANCED AND JR. ADVANCED CAMPS

– Advanced Camp is similar to Elite Week with the training focus on high level skill

development. This camp is a step up from our complete skills training camps and geared toward campers wanting to play a higher level of soccer. NSC was the first camp in the United States to offer both Advanced and Jr. Advanced soccer programs.

COMPLETE SKILLS CAMPS – These camps include training in all aspects of the game of soccer. For field players, the program features receiving, passing, dribbling, shooting and team play. Goalkeeper training includes shot-stopping, 1 vs. 1 breakaways, distribution, crossing, and team play in game-like situations.

FUTURE STARS CAMPS – This program is based on Northwest Soccer Camp's commitment to provide the highest level of soccer training and features an emphasis on developing fundamental skills and team play, improving athletic coordination, and building confidence in the framework of a fun summer camp setting.

HIGHLIGHTS:

- Development of technical and tactical play
- Position specific training from some of the best players in soccer history
- Teaching focus on good training habits and good sports behavior both on and off the field
- Emphasis on hard work, great fun, enthusiasm, self-confidence and excellence

"NSC has always been on the cutting edge of personal touch with professional teaching. It's more than a ball and a result. It's about total growth. NSC has consistently had high level staff (pro, collegiate) that come and give each camper the 'time of day' when it comes to training. Anyone can coach. Not everyone can teach."
